www.NHSCare.info
your right to 100% NHS funded Continuing Care under UK law and the Coughlan case

updated 0900 Friday 21st August 2009

Pamela Coughlan won her case in the Law Lords, the highest court in the land, against this Government, in July 1999. "Social Care" is part of Health Care - according to the Law Society and the Royal College of Nursing.

Breaking News: please see What the Media report and Parliament and our Press Release

These pages advise the UK public on their right, under existing law and the Coughlan case, to free nursing care 100% funded by the NHS - known as "Continuing Care".

The site is dedicated to Len and Eve Lovelock and was set up by their son Robin, after both good and bad "NHS/Social Security experiences" with his parents, seen here. Len passed away at home in January 2002, and Eve at Holyport Lodge Nursing Home in February 2003. Robin and his sister Sally thank all those who provided professional and loving care in the last years of Len and Eve's full and happy lives.
“The judgment in Coughlan clearly establishes that where a person's primary need is for health care, and that is why they are placed in nursing home accommodation, the NHS is responsible for the full cost of the package." 

- from the Law Society

- also applies to patients in their own home, a residential home, hospice, and of course, an NHS Hospital.

The Coughlan Case clarified the Law.
who is eligible?

- Patients with an equal or greater care need than Pam Coughlan qualify for Continuing Care and should be 100% NHS funded - under the law.

- Eligibility Criteria that fail Pam Coughlan are therefore unlawful and must be modified.

- Pam Coughlan’s may not be the minimum health need the law requires to be 100% NHS funded.

Events in over 10 years

• 1996 Care in Community Act: “GP → PCT”
• 1999 Pam Coughlan’s Case won.
• 2002 MP Paul Burstow’s: 360,000 homes, etc.
• www.NHSCare.info Coughlan Campaign started.
• 2003 Ombudsman’s Report.
• 2004 Law Society evidence to Parliament.
• 2005 Grogan Case won. “…fatally flawed”.
• 2008 National Framework and DST used
• 2009 the fraud continues, ten years after “Coughlan”

10 years, 700,000 families, £30 billion fraud.
the crime continues ...

- maybe £30 billion has been criminally defrauded from perhaps 700,000 families and their estates, in the past 10 years.
- many will never reclaim the money due to lack of evidence – “medical records lost”.
- continues at maybe £3 billion per year.
www.nhscare.info
“we can’t afford it”
- who are they kidding?

• £3 billion v £100 billion NHS budget?

• £3 billion v £1000 billion total spending?

or do they mean “we can’t afford to admit we are breaking the law”?

simple advice to families

• See video of Pam Coughlan – compare with patient
• Print the NHSCare Flyer which includes this advice.
• confirm that you have a case. Discuss with relatives.
• do what you feel is right for the patient.
• write at least one letter, mentioning Coughlan.
• consider refusal to pay for care – but think it through.
• keep a paper file of all information, letters, etc.
• take care what you sign… “without prejudice…” etc.
• record in writing any disagreement with NHS/SS.
• find a close friend or relative able to write letters.
• consider use of Solicitors and “no win no fee”

(above is a greatly simplified form of the advice on front page of nhscare.info)
www.nhscare.info
advice to NHS and Social Services staff and those within the Care Industry

• do not break the law
• ignorance is no defence in Court
• consult www.nhscare.info
• consult the RCN publication
• obey your conscience

(simplified form of the advice on front page of nhscare.info)
www.nhscare.info

the “Coughlan Test”

• Compare the patient’s care needs with those of Pam Coughlan
• YES - if the patient has equal or greater care needs than Pam Coughlan.
• YES - if the patient already has a home (Social Services may not intervene).
• patient CAN be "stable and predictable".
• NOT sufficient to say “if called Pam and living within the centre of Exeter” 😊
DoH “National Framework” feedback to “Consultation” process

Comment:
• still not lawful (1946 Health Act & Coughlan)
• consultation is just another delaying tactic?

Suggestions: that the DoH/Government state:
• how many would qualify? 25,000+75,000?
• what additional budget? £3 billion/year?
• Include exact text of the “Coughlan Test”
• start effective “trawl back” to 1996. £30 billion?
• start criteria for those below Coughlan threshold.

(above is simplification of Robin’s public letter of 11 September 2006)
www.nhscare.info

help us “spread the word”

• understand the simple facts
• mention www.nhscare.info
• use these briefing slides
• print and use the “Flyer” →
• Use the Press Release

SHOULD YOU PAY FOR THE NURSING HOME?
your right to 100% NHS funded nursing care under the law since 1948 and "Coughlan"
see www.NHSCare.info for this advice

"The judge in the Coughlan case clearly concluded that there was no private or personal need for the care, and that the services provided were public services. Therefore, the patient was entitled to 100% NHS funded care."

simple advice for solicitors...

The relevant issues are contained in the Highway Code, the Right of Way and the Public Rights of Way. To act lawfully, you must ensure that your client is entitled to use a public right of way and that you do not obstruct it.

simple advice for NHS and Social Services staff...

Healthcare professionals are entitled to assume that a patient is a member of the public and that they have the right to use public rights of way. However, it is important to ensure that your patient is aware of their rights and responsibilities.

simple advice for families...

Contact your local Social Services Manager and Social Worker. Ask them if you are eligible for assistance and if you can be advised on how to use the right of way.

simple advice for residents...

Contact your local Social Services Manager and Social Worker. Ask them if you are eligible for assistance and if you can be advised on how to use the right of way.

simple advice for landlords...

Contact your local Social Services Manager and Social Worker. Ask them if you are eligible for assistance and if you can be advised on how to use the right of way.
