Dear Mr Lovelock

**Trevor Saunders**

I have carefully considered your latest letter to me, dated 3 November 2008. I am sorry that you feel the way you do about my colleagues. I can assure you that they have always sought what is best for Trevor.

I regret that I cannot add to the letters previously sent to you and I am therefore not prepared to continue with this correspondence. You clearly feel that you have a complaint against the County Council, which I would advise you to address through the Council's formal complaints procedure - details of which I enclose. This would allow for your complaint to be investigated and would ensure the fairest outcome for all parties involved.

Yours sincerely

---
